

## Candidate Statements for Sub-local 390, Linn County Employees

**SEIU Local 503 Disclaimer:** Nominated candidates were invited to submit a campaign statement not to exceed 200 words. SEIU 503 uniformly formats statements for publication and otherwise prints statements verbatim as submitted by the candidate(s). The following are statements and photographs are submitted by candidates for this election. Any candidate not listed here did not submit a candidate statement or photograph by the submission deadline. All candidates who submitted and/or accepted a nomination by the deadline are listed on the ballot.

### **Holly Borba**

I would love to continue to support my coworkers as a member of the executive board. I believe having everyone's input is how our union stays the strongest. I appreciate working on your behalf and making sure all of these issues are addressed the best way possible

### **Obie Perue**

I humbly accept this nomination for SEIU Local 503 for the President position. I have worked with Linn County Health Department for the past 7 years, recently becoming more directly involved with the union with representation on the Labor Management Committee, Bargaining Committee and working on various LOA's. I believe that my personal experience, including supervisory tenure, interest in labor management, and passion for individual justice will benefit all Linn County employees if I am elected. I believe that I have a healthy understanding of Linn County's culture and strive to balance the needs of all departments represented with 503 in the unique county structure. I will strive through this position to support Linn County in harboring an outstanding professional environment; that is ever improving, current with the times, and harmonious work place for all.

### **Nathaniel Tisdell**

I have been working at Linn County's Environmental Health department for over 6 years and Vice President for our sub-local union for 4 years. Throughout this time I have been able to work with people all across the county both in my official capacity as a sanitarian, but also as a union representative for our members. It is vital that people be represented fairly and in their best interests. I strive to do this in both my professional capacity and as a union representative with a cool and level head. I believe that if we stand together we can be a powerful force in the county and improve working conditions for all of the county employees.

### **Lisa Walker**

Hello members, I have a strong belief in participating in the direction of our Union. I believe strong voices at General Council sets the tone for the next two years of our Union and how it affects the membership of our local, other SEIU 503 locals and our State as a whole. I would be honored to attend and represent our membership at our next General Council.
