Impact Statements

Resolution:

Enable the General Council Resolution Review Committee to Correct Failures to Comply with the Single Subject Rule

Legal Impact

Resolution would give new authority to the Resolution Review Committee to split one resolution into multiple resolutions that are consistent with the existing "one subject" rule, rather than simply reject the original resolution for violating the "one subject" rule. The Committee would not be authorized to modify or split a resolution in a way that changes the author's intent.

Equity & Inclusion Impact

This resolution has a positive equity impact. Dividing separate concepts into separate resolutions helps clarify what delegates are voting on, thus making our union's governing process more accessible.

Financial Impact
