STRIKE & HARDSHIP PAY

Our SEIU Local 503 Board of Directors has passed a measure to support striking workers in our Higher Education and Marion County Employees Association bargaining units who are considering striking. The Board has approved a strike benefit of **$80 per day, or $400 per week,** and has moved $500,000 into a hardship fund to ensure striking workers are able to pay their bills.

STRIKE PAY

SEIU 503 members who are on strike are eligible for $80 per day in strike pay, with a maximum of $400 per week.

In order to receive strike pay, you must:

- Be a member of SEIU Local 503
- Be on strike
- Actively participate on a picket line for the duration of a picket shift (a typical shift will be 5 hours). If you are physically unable to attend a picket line, you may be given alternative union-building work to qualify for the picket pay.
- We will automatically send you your picket pay

Funds are only available to members, join today.

HARDSHIP PAY

SEIU members who are on strike and facing additional hardship—such as a difficulty paying a critical bill due to being on strike—may request additional hardship support.

In order to receive hardship pay, you must:

- Be a member of SEIU 503
- Be an active striker
- Submit an attestation describing the specific hardship or need
- Submit other documentation asked for on the application form.

Hardship is initially capped at the amount of lost wages or $1000 whichever is less. Requests for hardship pay can be submitted up to 30 days after the conclusion of the strike.
